Experience

Virtual Inc. – *Web Development Intern*　　　　　　　　　　　　　　**Sep 2021 - Present**

- Managed and maintained websites for technology-based professional companies.
- Developed WordPress sites with custom themes, templates, plugins, posts and shortcodes to integrate client requests.
- Troubleshooted site issues such as functionality problems and breaches.
- Implemented an internal plugin for the creation of events to cut down the hours of time needed to create events separately.

1Cademy – *Python Development Research Intern*　　　　　　　　　**Feb 2021 – Jun 2021**

- Conducted research on a large-scale platform with the 1Cademy Python community.
- Averaged over 25 educational nodes per month, ranging from beginner to advanced Python language topics.
- Worked on open-source full stack Python projects with the community.

Education

Rutgers University　　　　　　　　　　　　　　　　　　　　　　**May 2023**

Bachelor of Science: Computer Science, Cognitive Science　　　　　　　New Brunswick, NJ

Projects (https://github.com/maxjzhou)

Android Photo Viewer

- Android application for storage and management of photos in one or more albums through the Android photo gallery.
- Create, delete, and rename albums, captions, description tags, etc.
- Manuel slideshow for viewing albums + functionality to search/filter photos by description tag.

Terminal Chess

- Chess for two players played on the terminal.
- The program displays a chessboard drawn in chess and prompts players to input moves.
- Players take turns inputting their desired move into the terminal. A new board is printed to reflect the updated move upon receiving input from a player.

Skills

Java, Python, C, HTML5, CSS, JavaScript, React, NodeJS, SQL, C#, WordPress, Android Studio, MySQL, NoSQL, Git, Unity engine, Unix, Windows OS, Linux OS
